

The Brain Aneurysm Foundation of Canada is the nation's premier nonprofit organization solely dedicated to providing critical awareness, education, support and research funding to reduce the incidence of brain aneurysm ruptures. The Brain Aneurysm Foundation of Canada was established in 2013 as a public charity.

Your donation will enable The Brain Aneurysm Foundation of Canada to progress in so many ways. Through your support, we will be able to continue to provide support and educational materials and information to brain aneurysm patients, their families, and the medical community to promote critical awareness of brain aneurysms which will lead to earlier detection. The Brain Aneurysm Foundation of Canada is funding essential research that can directly benefit those affected and help reduce the incidence of ruptured aneurysms. Thank you for making a difference with your support!
